INSTRUCTOR'S BIOGRAPHY:

Bruce Kelly, Program Manager at Farm & Food Care Ontario. In this role, Bruce manages both environmental and animal care programming at FFC.

Environment: Farm & Food Care represents agricultural interests and conducts project activities in a wide variety of environmental and animal care topics related to food and farming. We are active on a number of industry boards and committees related to: Farming and the environment, Sustainable Food and Farm Plans, Lake Erie Phosphorus reduction, Great Lakes Guardians Council and a number of OMAFRA and MOECC working groups. Bruce and the team at Farm & Food Care are working with government and industry partners to help improve the capacity of Ontario's agricultural sector to conserve and effectively use water, manage nutrients from agricultural activities (phosphorus) and better adapt to climate change. Animal Care: Farm & Food Care manages the Animal Care

Helpline a confidential way to report issues of concern involving farm animals and resources for farmers who might need a connection with other community resources. Farm & Food Care are active in animal care education and training through our IMPACT animal care programing and offer Animal Care certification for farmers on Codes of practice and we are a member of the National Farm Animal Council. Issues: farm animal care, barn fire prevention and livestock emergencies.
